

PERRY-HOUSTON COUNTY AIRPORT UPDATE—FEBRUARY, 2017

February, 2017

Conscientious Concern Creates Clean Concrete

Loose debris and accumulated sand/dirt was vacuumed 'up, up and away' during January. Middle Georgia Sweeping LLC removed several hopper loads of loose

material from the runways, taxiways and hangar areas. The clean-up was accomplished with no disruption of airport traffic.

Special points of interest:

- Valentine's Day
- New AWOS to be installed
- Airport Clean-up

NEW AWOS TO BE INSTALLED

The bad news is the ceilometer has been inop for a few weeks (which most of you knew), but the good news is that, not just a replacement ceilometer, but a brand-new AWOS system is in the mill for PXE. A DBT system has been contracted and installation should be completed in early April. The delay is due to the complexity of the AWOS system, but we think you'll be very pleased with the final result.

February Special Days

- 2nd—Groundhog Day
- 4th—Eat Ice Cream for Breakfast Day
- Thank a Mailman Day
- 5th—Superbowl Sunday
- 8th—Boy Scout Day
