

PERRY-HOUSTON COUNTY AIRPORT UPDATE—SEPTEMBER 2016

September, 2016

RUNWAY REPAIRS FINISHED

Our runway repairs are finished, with the runway closure limited to 5 days. We appreciate the Axtell Company working diligently in mist and shine during the week to complete the job as quickly as possible. We do apologize for any inconvenience caused, but occasional maintenance is required to keep our airport in top shape.

A Chinook refueling at Perry-Houston County airport

Pattern Traffic Diverted During Troop Drops

Runway 18 was diverted to right-hand pattern during a troop parachuting training session from August 2-10. A C-130 was deployed over the Guardian Center at 3-4000' and as a precaution, our 18 traffic was rerouted temporarily.

2. New solo student
3. Guardian Center exercises
4. Runway repairs completed
5. New hangar update

Guardian Center Holds Exercise

The Guardian Center held a rapid response exercise during August. The purpose of the exercise was to evacuate troops in a simulated combat situation. PXE participated in the exercise by joining in a 'rapid refueling' procedure. Helicopters landed, refueled and departed in about 10 minutes or less during the exercise. The 'copter personnel were pleased with the fueling response times.

AIRNAV COMMENTS

From Mike Grossberg
★★★★★ *Stopped for fuel and found the price had been discounted \$.25 per gallon. Excellent service from the line personnel, and an attractive facility. Highly recommend.*

September Special Days:

- 2nd: VJ Day,
- 5th: Labor Day
- 11th: Grandparents Day
- 18th: Air Force Birthday
- 22nd: Elephant Appreciation Day

Raven Dickerson (student at Perry Air) soloed on July 5th. Her support group (Mr. and Mrs. Dennis Knick, Melanie Dickerson and proud mom, Kimberly Dickerson) watched and congratulated her at PXE.

NEW HANGAR UPDATE

Our new hangars are pretty much complete, and now we're waiting for the county to finish the paving/drainage. We're hoping for a completion date during this month.
